Why executives choose MISxL →

Less spreadsheets. More *boardroom-ready answers.*

01

Multi-entity, multi-segment roll-up

Consolidate divisions, branches or group companies. Segment-level P&L, segment-level CMA, segment-level KPIs — without a single VLOOKUP.

02

From CFO to board in two clicks

Executive Summary PDF auto-built from current numbers — cover, BS, P&L, ratios, cash flow, industry comparison and budget variance, all on two pages.

03

Industry-smart out of the box

20+ industries, 60+ sub-industries with pre-loaded benchmark ratios — hospitality, manufacturing, trading, services, IT, NBFC, healthcare, education, logistics, real estate, pharma, agro, FMCG, retail, e-commerce, construction and more.

04

Audit trail by default · role-based access

Every TB upload, GL mapping change, JV entry and projection edit timestamped and traceable. Admin / Editor / Viewer roles with per-entity access control.
